During the session Green Entrepreneurs were called for sharing their journey and let others know how they had developed themselves into Green Entrepreneurs. The speakers were felicitated and then asked to share their turning point to Green Entrepreneurs.

The resource person was expert in the field Mr Deelip Attar. He is one of the guest speaker shared information with the participants about the sustainable eco-friendly products he sells like stationeries, bamboo toothbrush, sanitary pads, up cycled plastic handbags etc. Sir was into corporate but later he got inquisitive of the garbage crisis and how it could be reduced.

Speaker of the House Shri. Sunil Gokhale was also in corporate. The effect of pollution on the environment is so much that we should really take action so they joined many social groups and then another guest speaker Mrs. Sunita karande became a green entrepreneur with Sulochana Khedkar. She became a green entrepreneur after getting an opportunity in an MNC. Both of them are into entrepreneurship through which they provide services to compost the wet waste generated in residential societies within the societies themselves. Also they are in garden waste management and dry waste management. Madam gave a session on waste management. And if it is not done, it can be a danger to all and thus requires social awareness. Therefore, green entrepreneurship should be encouraged.

In all 32 students were present to workshop. Staff members and students benefited from this workshop. The session was very informative to the participants and created awareness about using the eco-friendly products.

The session was coordinated by Prof. B.S.Dol, Prof A.B. student volunteers under the guidance of Prof. A.P.Sawant, In charge Director. Finally Prof G.K Injekar thanked to Mr Deelip Attar and Mr.Sunil Gokhale.

**Subject – “Report on workshop on Model Specification in Research Methodology”**

Respected sir,/Madam

VDCIMR had organized workshop on workshop on Model Specification in Research Methodology on 20<sup>th</sup> January 2018. The program started at 11:30 am with the Welcoming of Guests and participants with Saraswati Vandana and Virtual Lamp Lightning. Model specification is the process by which variables are selected to be included in a model. There is a tension in model specification between including all relevant variables and conserving statistical power.

The first session was handled by Prof. Deepi Barge Hon. In charge Director, of Management College. She provided an overall idea about research process starting from selecting the research question, to research design, to data analysis and report writing.

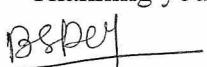

In afternoon session Dr. Sagar Pawar who handled the topics on inferential statistics and formulation and testing of hypothesis. And the relevance of research design and the ways by which a research design has to be formulated on the basis of their research questions.

In last session Dr Smita Lokhande talk about the Model specification in research and devoted for the participants to share their experience.

Total 22 students presented for the workshop. These sessions helped the students in conducting good research, analyzing case studies and writing quality research papers.

The program started at 11:30 am with the Welcoming of Guests and participants with Saraswati Vandana and Virtual Lamp Lightning. The workshop started with felicitation ceremony. The workshop is aimed at emerging markets such as China and India where entrepreneurship is currently at the forefront. Social, women and youth sectors are areas that demand innovative solutions, a huge playground for entrepreneurs to fulfill, hence out-of-the-box ideas that contribute to a better and stronger world i.e. entrepreneurship.

Mr.Rakesh Koli talked about how Innovation is important in entrepreneurship. According to him in the highly competitive world, innovative ideas are what will separate you from the rest. He explained to the students that Innovation doesn't always mean to create something new, innovators often take something that already exists, improve it, change it, make it better and make it the best for their customers. Innovative ideas are what will make a startup competitive.

He also focused on growth of a nation, flourishing entrepreneurship, ingenuity, amalgamating innovation and strategic business practices. Total 19 students presented for the workshop.

statistical procedure used to determine whether a sample of observations could have been generated by a process with a specific mean.

Valedictory was done by Prof B.S.Dol. In totality, 14 faculty members from different institutes of Satara district were included and both the sessions were very much informative. The discussed areas are of great benefit for the participants as the topics match with the academic curriculum. Participants were enlightened with the most widely used advance SPSS techniques. This in turn will help in motivating Faculties & Researcher to use SPSS in their concerned Data analysis.
